# Leadership Report

July 2020—June 2021

## Leadership Report – Hope in Christ

July 2020 – June 2021

The period this report covers is after the first Covid-19 lockdown in 2020, and before the Delta lockdown in August 2021. That was a period of relative normality in Level 1 that now seems a distant memory as we write this. However, things were not “back to normal” and we reviewed and adapted the Strategic Aims of our 2019-2021 Strategic Plan to take into account the things we believe God was teaching us through lockdown.

We have noted some highlights and listed ministries on the following pages. The financial performance report also has some quantifiable, auditable goals and achievements. But there are always too many individual stories from our church activities to tell them all in this report. Instead, we have reflected on the year and God’s faithfulness to us and written about this initially under the three themes from our strategic plan (2019-2021), and then we have reported on the adapted aims we identified coming out of lockdown.

### Making and Growing Disciples

One of the key goals Martin set for us during the first lockdown was for everyone in East Taieri Church to identify at least one thing that God was teaching them through that experience. This led into our theme series for 2020 called “Stronger Faith for Today” Building Resilient Disciples. This applied David Kinnaman’s Barna Group research from his book “Faith For Exiles” to our setting. We then moved into a series at 10am and 2pm in 2 Timothy about “How we Make Disciples”. We also explored Christian Community in a series called “Life Together.”

Our Ministry Team is a key way we ensure we have the programmes, resources, equipping and facilities to make and grow disciples. Thank you everyone!

Nick Muirhead joined our team for 10 hours/wk to assist with pastoral care – particularly in the absence of an associate pastor. After an extensive search we were delighted to appoint Gareth Bruce to the associate pastor role. Leanne Shaw finished up as our cleaner and we employed Kitty’s Cleaning.

Staff in our Saddle Hill Foundation Trust youth and community team changed as Renee Faithful left to pursue interior design work. We welcomed Ronnie Bhogal as part-time chef for a fixed term project providing lunch in schools. Michelle Du Plessis joined us in the youth and community work area. In late July (slightly after the time period covered by this report) we farewelled Andy Doncaster who resigned from his position with SHFT to pursue other endeavours. Thank you to all the volunteer youth leaders who are a crucial part of making a difference in young peoples’ lives.

Thank you to the teams of leaders and parents who are working to disciple our children at Kidzown at East Taieri, Pitstop at FUEL, and through other programmes like Sugar and Spice and our two Mainly Music groups. We commissioned Haley Olsen as our new volunteer Kidzown leader. We are also conscious that we have a large number of Christian teachers from our church working in schools, so we celebrate their input into our communities’ children and young people.

This year saw us commission Erica Aarsen as a mission partner with SIM. She courageously went out to South Sudan to use her nursing skills to share the love of Jesus with refugees in Doro. It was a thrill to see video of her speaking and being prayed for at Mamlaka Hill Chapel in Nairobi – a church we have developed connections with over several years.

We adapted our South Island Ministry Conference to a new day and a half format and had 83 leaders attend. Our own Paul Reet and Rod Galloway spoke on Resilience and Wellbeing in Uncertain Times.

### **Enriching Our Practice and Experience of Worship**

Our mission with God flows out of our worship of God. At 10am we began experimenting with “Mosaic” a church service where people can go to different stations to participate in different kinds of worship. So far two Mosaic services have been organised and more are planned. FUEL developed their worship evenings further moving around different members’ homes. We had organised mentoring for our music teams with Grant Norsworthy, but this is now delayed until 2022.

Special services have included our Christmas Eve outreach which reached 685 people, a few more people than last year. We also hosted the Dunedin Harmony Chorus and other visiting speakers including Professor Jonathan Boston to address the End of Life Choice Bill, and Professor Murray Rae speaking on Theology and Architecture.

Our four distinctive services have continued to connect with their congregations (FUEL, 10am, 2pm, and EPIC).

You will see that our overall worship attendance has declined by 23 adults. This is an ongoing challenge for us.

### **Building Connectedness and Hospitality in the Church and Communities**

After Covid lockdown, we have found it hard to predict how many people will come to events and programmes. Some events such as a planned Christmas Day lunch in the Hub have not attracted much interest. On the other hand, the Community Carnival attracted hundreds of people and enabled us to both build connectedness and raise the profile of our youth and community work.

Our FUEL congregation is particularly relational, so naturally their breakfast café church felt lockdown especially keenly. The FUEL leadership team have led well in the absence of an associate pastor. Martin and others have given some extra input for FUEL.

Community on the Coast continued with their monthly “Kai on the Coast” meetings over food. This is mostly Christians who live on the coast gathering, but some new people from the community have connected in too. Their main focus has continued to be a missional one of being the people of God on the Coast, being alert to what God is doing and joining in, rather than running a whole lot of programmes or events and hoping people will come. Having said that, Mainly Music continues strongly there.

Martin, Gareth and many other preachers and musicians along with the 2pm choir have taken rest home services in Brooklands, Mossbrae, Taieri Court, and planning has begun for an additional service in Chatsford.

Our four Turning Point counsellors have continued to provide affordable Christian Counselling to a wide range of clients.

Shop ‘n Taieri had a stronger year with \$20,558 profit. This is currently our only missional enterprise run by Saddle Hill Foundation Trust (in partnership with Mosgiel/North Taieri Presbyterian).

Partnerships with other churches have continued through the Combined Dunedin Churches network, Presbytery, the Taieri Ministers Association, and the Taieri Christian Care Trust and Community Foodbank.

We hosted a well-attended resourcing seminar on dementia.

## New Day Dawning

We began 2021 with a preaching and small group series which explored the new steps we believed Jesus is calling us to take as we follow him in these challenging times, highlighted by our experience of lockdown. Themes that will be weaved through each week are:

The ministry of the whole body of Christ.

Humility and our dependence on the Holy Spirit and prayer.

Spaces for conversation: being present with others - listening, experimenting and learning.

A sense of urgency for God's mission in these last days.

Spiritual practices that shape our character and create spiritual rhythms in tune with what God is doing.

Innovation and improvisation – the same message expressed and experienced in new ways. "The kingdom of God has come near. Repent and believe the good news."

If you missed this series, the study guide is available on our website.

The weeks were:

**New Experiences of Worship:** This includes our online service, but also being able to gather in smaller groups that are more flexible and agile, especially in a pandemic. Some generous members contributed significant money to improve our music, sound and recording through what we called our "Elevate" project. We aim to lift Jesus high in our worship – online and in person.

**New Styles of Pastoral Care:** For years our model of pastoral care has highlighted the importance of all Christians caring for each other, as well as the crucial role played by small groups. Lockdown showed this to be even more important. We want to encourage the valid ministry of all believers in Christ. Two new small groups have been established.

**New Modes of Mission:** We continue to invite people to church events and programmes, especially things like the Alpha Course, but increasingly we are all needing to go out to where people are. This is the 1x1=1000 model of making disciples. A multiplying movement of people reaching and discipling others. It requires us to be confident in Jesus and the gospel, but also genuinely humble enough to take an interest in people and listen to them. Instead of always being the hosts, we will need to be guests, who notice what God is already doing and join in. This is a more spontaneous, organic kind of mission in which everyone is involved.

The New Day Dawning conversation helped us revise our strategic aims into five objectives for 2021-2022. These are published just after this report. You will see some goals that have already been achieved.

Day of Prayer and Fasting

**New Mission Facilities:** After lockdown we reviewed our needs and asked our architects to revise the concept plan to a more modest first step that would improve our facilities for mission activity, but not build a larger auditorium at this time. We hope to have the revised concept plan and initial cost estimates to present at the Annual Meeting. We have also received a report on the condition of the historic church building and maintenance work needed. Some exploration of the need and possibility for us to contribute to affordable housing was also initiated. (See the report on property and facilities on pg 12 for more details)

We conclude this report with thanksgiving and hope. First we are thankful to God for His faithfulness to us all. We also thank everyone who has participated in God’s mission through East Taieri Church over this 2020-2021 year. This is our aim of the ministry of the whole body of Christ as you: give, pray, offer music, preach, lead small groups and all kinds of ministries, serve in leadership and governance, clean, provide creative art, reach out to your friends and neighbours, disciple and mentor others, and generally offer your time, spiritual gifts, and resources to God. This includes the wonderful way you live for Christ at work, school, University and through a whole range of community groups. This is truly working toward our vision statement which includes the words “passionately living out our faith, wherever we live, work and play.”

Secondly hope! Especially in troubled times we have the sure and certain hope Christ offers. When things are outside of our control, Jesus is still Lord of all. We can be shining beacons of hope to others. May you know the hope to which Christ has called you, the riches of his glorious inheritance in His holy people, and His incomparably great power for us who believe. (Eph 1:18-19)

God Bless you all,

Martin Macaulay

# Update from Mission Facilities Group

## **East Taieri Manse:**

Reece Building Consultants were commissioned by the Synod of Otago and Southland to provide us with a maintenance report on the East Taieri Manse. This shows significant future maintenance needs for the manse in the years ahead.

## **Facilities at FUEL:**

A team at FUEL had begun reviewing the facilities needs for the future on the Fairfield site. In the Associate Pastor vacancy in 2020, this hasn't progressed, but now we have Gareth in place a fresh team is being formed to continue this work.

## **Revised Concept Plan for Future Facilities at East Taieri:**

Following lockdown, the mission facilities group and elders believed we should identify an affordable first stage of our building concept. Covid-19 has led to the development of online services, lower in-person worship attendance, and economic challenges for some people, including the rising unaffordability of housing. It did not seem right in the current climate to begin a \$9 million church building programme.

A survey of church members revealed that 85% of respondents agreed with not building a new auditorium at this stage and 79% with building a more modest first stage at this time.

Architects McCoy & Wixon were asked to revise the concept plan, and we have asked for a quantity surveyor's cost estimate for the new concept plan. We hope to have this to report to the congregation at the Annual Meeting. The new concept plan achieves our key revised mission priorities while retaining options for building a larger auditorium in the future if needed.

**A Condition Survey of the historic church** was carried out by a heritage architect from Origin Consultants. This revealed that while much of the existing church is in good condition, the roof and stained-glass windows need considerable work.

## **In summary:**

**Imagine if...** people could arrive at church and walk into a spacious, open, warm, friendly foyer, where they could catch up with friends and greet new people, even enjoying a cup of coffee, before going into church. Such a foyer would be accessible for wheelchairs and those with disabilities.

**Imagine if...** our amazing catering team could cook for 150 people without tears of frustration, and we had an attractive modern café space. We would be communicating that this church is going places and is not stuck in the 19<sup>th</sup> Century.

**Imagine if...** we had family friendly toilets, adequate for large numbers of people, where either mums or dads are able to change a baby and assist their children.

**Imagine if ...** parents were able to take their children out of church if they were upset, but still be able to see and hear what is going on?

**Imagine if ...** we could have creative worship options with comfortable, flexible seating and good control of lighting, sound, heating and technology.

**Imagine if ...** Turning Point Counselling clients were not embarrassed by walking through other meetings but had their own counselling rooms with a private waiting area.

**Imagine if ...** church and community groups were able to complete their activities without being interrupted by people walking through.

**Imagine if ...** the heritage church could be worked on so we have safe, warm facilities fit for purpose for 21<sup>st</sup> century mission.

**Imagine if...** we could welcome people from the new Grange Retirement Village into a café overlooking the Taieri Plain.

**Our new concept plan  
could make all of these  
a reality.**

## INDEPENDENT AUDITOR'S REPORT

To the Members of the East Taieri Presbyterian Church:

### Report on the Performance Report

*Qualified Opinion on the Statements of Financial Performance, Financial Position and Cash Flow, and Unmodified Opinion on the Statements of Entity Information and Service Performance*

We have audited the consolidated performance report of the East Taieri Presbyterian Church which comprises the entity information, statements of service performance, financial performance and cash flows for the year ended 30 June 2021, the statement of financial position as at 30 June 2021, and the statement of accounting policies and other explanatory information.

In our opinion:

- a) The reported outcomes and outputs, and quantification of the outputs to the extent practicable, in the statement of service performance are suitable.
- b) Except for the possible effects of the matters described in the *Basis for Qualified Opinion* section of our report, the accompanying performance report presents fairly, in all material respects,
  - the entity information for the year then ended.
  - the service performance for the year then ended; and
  - the financial position of East Taieri Presbyterian Church as of 30 June 2021, and of its financial performance and cash flow for the year then ended

in accordance with Public Benefit Entity Simple Format Reporting - Accrual (Not-For-Profit) issued by the New Zealand Accounting Standards Board.

#### *Restriction of Distribution or Use*

This report is made solely to the Church's members, as a body. Our audit work has been undertaken so that we might state to the Church's members those matters which we are required to state to them in an auditor's report, and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Church's members, as a body, for our audit work, for this report or for the opinions we have formed.

#### *Basis for Qualified Opinion*

We conducted our audit of the statements of financial performance, financial position, cash flows, and accounting policies and notes to the performance report in accordance with International Standards on Auditing (New Zealand) (ISAs (NZ)), and the audit of the entity information and statement of service performance in accordance with the International Standard on Assurance Engagements (New Zealand) ISAE (NZ) 3000 (Revised).

Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Performance Report* section of our report. We are independent of the East Taieri Presbyterian Church in accordance with Professional and Ethical Standard 1 (Revised) *Code of Ethics for Assurance Practitioners* issued by the New Zealand Auditing and Assurance Standards Board, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

East Taieri Presbyterian Church controls the Saddle Hill Foundation Trust, and the Church has combined the financial results, cash flows and financial position of the Trust to present a consolidated performance report as required by International Public Sector Accounting Standard 6, Consolidated and Separate Financial Statements (Not for Profit) (PBE IPSAS 6 (NFP)).

We qualified our audit report in respect of regular offerings and similar income raised in cash. This is a standard audit response to the fact that there are no audit procedures we can apply to this sort of income prior to its being banked. Similarly, there are few internal control procedures the Church can practically apply that would provide sufficient control and evidence of that control from the time the cash was received until it was banked that would enable us to rely on your own procedures to withdraw the qualification.

We have quantified the amount to which the qualification refers (\$27,686) to ensure that readers do not relate the qualification to the whole of the income.

Other than in our capacity as auditor, we have no other relationship with, or interests in, the East Taieri Presbyterian Church.

#### *Responsibilities of the Board for the Performance Report*

The Board are responsible for:

- a) Identifying outcomes and outputs, and quantifying the outputs to the extent practicable, that are relevant, reliable, comparable, and understandable, to report in the statement of service performance.
- b) The preparation and fair presentation of the performance report on behalf of the entity, which comprises:
  - the entity information.
  - the statement of service performance; and
  - the statements of financial performance, financial position, cash flows and accounting policies and notes to the performance report

in accordance with Public Benefit Entity Simple Format Reporting - Accrual (Not-For-Profit) issued by the New Zealand Accounting Standards Board, and

- c) such internal controls as the Board determine is necessary to enable the preparation of the performance report that is free from material misstatement, whether due to fraud or error.

In preparing the performance report, the Board are responsible on behalf of the East Taieri Presbyterian Church for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board intend to liquidate the East Taieri Presbyterian Church or to cease operations, or to have no realistic alternative but to do so.

### *Auditor's Responsibility for the Audit of the Performance Report*

Our objectives are to obtain reasonable assurance about whether the performance report is free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (NZ) and ISAE 3000 (Revised) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this performance report.

As part of an audit in accordance with ISAs (NZ) and ISAE 3000 (Revised), we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the performance report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the use of the going concern basis of accounting by the Board and, based on the audit evidence obtained, whether a material uncertainty exists related to the events or conditions that may cast significant doubt on the East Taieri Presbyterian Church's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the performance report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's opinion. However, future events may cause the East Taieri Presbyterian Church to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the performance report, including the disclosures, and whether the performance report represents the underlying transactions and events in a manner that achieves a fair presentation.
- Perform procedures to obtain evidence about and evaluate whether the reported outcomes and outputs, and quantification of the outputs to the extent practicable, are relevant, reliable, comparable, and understandable.

We communicate with the Board regarding, among other matters, the planned scope and timing of the audit procedures and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Notes to the Financial Statements for the year ended 30 June 2021

#### 1 Statement of Accounting Policies

##### REPORTING ENTITY

The Financial Statements presented are those of the East Taieri Parish of the Presbyterian Church of Aotearoa New Zealand.

The Church has elected to apply PBE SFR-A (PS) Public Benefit Entity Simple Format Reporting – Accrual (Public Sector) on the basis that it does not have public accountability (as defined) and has total annual expenses of less than \$2 million, but more than \$125,000.

All transactions in the financial statements are reported using the accrual basis of accounting.

Budget figures provided are those endorsed by the elders and approved at the Annual General meeting held on Sunday 1 November 2020.

The financial statements are prepared on the assumption that the Church is a going concern, and has the resources necessary to ensure that it will continue to operate for the foreseeable future.

East Taieri Church has registration reference CC52089 with the Charities Commission

##### SIGNIFICANT ACCOUNTING POLICIES

##### Revenue

##### Offerings, Donations, Grants and other giving

Revenue received from these sources is recognised upon receipt unless there is an obligation to return the funds if conditions attached to the donation or grant are not met ("use or return condition"). If there is such an obligation, the funds are initially recorded as a liability and recognised as revenue when the relevant conditions have been satisfied.

##### Sale of goods and services

Revenue from the sale of goods and services is recognised when the customer has taken possession of the goods or the contracted service has been provided.

##### Interest revenue

Interest revenue is recorded as earned during the year. Interest due but not received at balance date is accrued as a current asset.

##### Employee related costs

Wages, salaries, and annual leave are recorded as an expense as staff provide services and become entitled to remuneration and leave entitlements.

Employer contributions to staff Kiwisaver and other superannuation schemes are recorded as an expense as staff provide services.

##### Bank accounts and cash

Bank accounts and cash comprise cash on hand, cheque and savings accounts.

Bank overdrafts are presented as a current liability in the statement of financial position.

## East Taieri Presbyterian Church

### Notes to the Financial Statements for the year ended 30 June 2021

#### SIGNIFICANT ACCOUNTING POLICIES (continued)

##### Accounts Receivable

Debtors are initially recorded at the amount owed. If it is likely an amount owed will not be collected, a provision for impairment is recognised and the loss is recorded as a bad debt expense.

##### Prepayments

That portion of an expense paid in the current period that relates to the following financial year is recognised as a prepayment at balance date.

##### Parish Investments

Investments comprise funds held in call accounts and on term deposits with banks. Deposits with banks are initially recorded at the amount paid. If it appears that the carrying amount of the investment will not be recovered, it is written down to the expected recoverable amount.

##### Accrued Employee Entitlements

The value of accumulated employee entitlements to annual leave, and payroll costs due but not paid at balance date, are recognised as a current liability.

##### Specific Reserves

Specific Reserves represent funds given or held in trust for specified purposes within the Parish. Use of these funds is normally restricted to the purposes for which the funds have been set aside.

##### Fixed Assets

Land and Buildings are recorded at latest rating valuation by QV Property Valuations Ltd. Ownership of these properties is vested in the Otago Foundation Trust Board, but the church is required by the Presbyterian Church to recognise the assets in its financial reports. These assets are not depreciated, but are revalued every three years. The most recent valuation was undertaken for DCC rating purposes at 1 July 2017. All other Fixed Assets are recorded at initial purchase cost, and are subject to depreciation.

##### Depreciation

Depreciation is charged using rates which will write assets off over their estimated useful lives. Rates in use are generally as follows

Land and Buildings	Not depreciated
Hub refurbishment and fittings	10%
Plant and equipment	9% - 48%
Computers and associated equipment	25% - 60%

##### Goods and Services Tax

The Church is registered for GST. All amounts in the financial statements are recorded exclusive of GST, except for debtors and creditors, which are stated inclusive of GST as applicable.

# 2021-22 Budget at a Glance

## How will this budget resource our Strategic Plan?

### Make and grow life-long disciples:

- Provide for our Alpha Dinner and the Alpha Course, enabling people to hear the gospel message and commit their lives to Christ. Alpha also develops and trains new leadership.
- Exploring new ways of sharing Jesus with the community on the Coast, including the monthly Kai on the Coast meals.

### Enrich our practice and experience of worship:

- Provide leadership and resources for four different worshipping congregations (FUEL, 10am, 2pm and the new Night Church), so we can worship and grow in God together.
- Continue to explore and stream our weekly online services and connect with this new community.
- Identify biblically faithful and contextually relevant worship options that will help people with different spiritual pathways engage with God.
- This budget recognises the importance of reaching future generations, namely children, youth and families. Some new things in this area are planned for the next year, including experimenting with a Sunday morning Children's Carnival style experience.
- Alter ET facilities to be more family friendly and conducive to creative expressions of worship.

### Build Connectedness and Hospitality in church and communities:

- Providing pastoral care through small groups, trained volunteers, and staff
- Increase our efforts in making newcomers feel welcome and quickly connected with other people.
- Provide \$50,000 contribution to Saddle Hill Foundation Trust's resourcing of Community and Youth Programmes. Your support of ET Church budget allows us to resource SHFT work in Youth and Community.
- Provide leadership support and well-maintained, warm facilities for programmes and events that engage our community such as Alpha, Mainly Music, Sugar & Spice girls group, Playgroups, Mid-Winter Seniors Lunch, Christmas Lunch, Turning Point Counselling, community engaging church services, Parenting Events and courses, Business Breakfasts, Painting group.

### Other Resourcing:

#### Global Missions:

- Support the work of our existing missionaries in Thailand, Malawi, South Sudan and Egypt and keep the profile of global mission high. We have also budgeted for the costs of visiting speakers and for hosting the annual mission weekend event.

#### Mission Facilities—Health & Safety:

- Ensure our worship spaces are warm, clean, well-maintained and well-resourced with audio visual, music and other equipment.
- Ensure that our capital assets, including the East Taieri Manse are well-maintained to rental standard.
- In an age where compliance is demanding, we provide professional, administrative and financial Health & Safety Management.

#### Staffing:

- High on our priority list is to ensure that we have resources to provide well trained, capable staff that can enable God's mission in this place.

# 2021-22 Budget at a Glance

## How will we Fund this?

We are confident that our generous God will provide the resources necessary as he has given every member of the church family enough money, time and skills to contribute their share towards the mission of God on the Taieri. Our vision to be a thriving church also means being a growing church with more people joining in this mission.

A large proportion of our funds comes from regular Sunday giving, whether by envelope, automatic bank transfer or in cash. We have budgeted for a slight increase in giving that roughly covers inflation.

This budget shows a large operating deficit, which can be covered by 2 bequests that have been sitting in reserves, while our associate pastor position has been vacant.

We are also holding \$15,000 in reserves from two grants. One for our new fresh expression on the Coast and the other for online services. Costs for these are included in expenses in the new budget, but will be covered from the money in reserves.

To be sustainable for future years we ask that you regularly monitor your automatic payments and if you can afford to, try to increase the amount as inflation increases. To meet our projected deficits in the years to come, we would need a 10% increase in giving to cover mission as well as wages, insurances, maintenance, heating, health and safety, etc.

*Please take the time to familiarise yourself with this budget update and to reflect and pray about whether you are able to increase your automatic payment or regular envelope giving. People give through one or a combination of: the "Envelope System" placed in the Sunday offering, Automatic Bank Transfers; Bank transfers for one off gifts, cash in the Sunday offering, or payroll giving to receive immediate tax credits. See the church website for details [www.etchurch.co.nz/giving](http://www.etchurch.co.nz/giving). This budget year began on July 1<sup>st</sup>, so now is an opportune time to review your giving. We want to be ambitious for the Kingdom, but we can only do it together and with God's blessing. As stated above, in order for us to be sustainable into the future we required an increase of 10% in giving, across the board. Please prayerfully consider increasing your personal giving by 10%, if possible. Without this 10% increase, we would need to look at what we are doing and make painful cuts to either missional activities or staffing.*

*God blesses us so we can be a blessing to others. (Gen 12:1-3) Christian giving is an essential part of our discipleship, following the God who gave us the most extravagant gift of all – his own Son. We are thankful for God's provision to us, and acknowledge with thanks the generous financial support our church has received.*
