God is near!

God can be trusted even when it's hard

Bible Passage: Psalm 22:1-5

Memory Verse: James 4:8

Discuss: We can all get down when things don't seem to be working out.

Why was David complaining? Because he couldn't see the answers and God seemed to be far away. Why did he change his mind? He remembered the great things that God had done before for those who trusted him, even when they could not see an easy answer.

Activity Suggestion:

- Have a thankyou party. Think about some things that God has done even though we can't see him.

Draw a picture of people who might do things that many of us don't get to see often e.g, doctors, nurses, firemen, police etc
