

Life Groups: Weekday evenings (with spaces)

Life Group:

We meet weekly on Wednesday evenings. The location changes every week as we meet at various members' houses. Generally speaking, if you are hosting you lead the study. On some occasions, someone will host, but another member will lead.

Brenton and Jo are the main facilitators and point of contact: brentonandjo@gmail.com

We are a big group if everyone turns up on one night, however, that seldom happens, so we are happy for new people to join.

We're a group of both girls and guys. A mix of married couples and singles. Mostly middle aged

We often start our evening with a cuppa, a chat and a catch-up. The host might start with a 'warm-up' game or activity. We then have a Bible study, followed by prayer at the end.

We enjoy social activities. We have been away as a group for weekends. If there are prayer needs or any need in general we often feel comfortable adding this to the group chat. It is a very caring group and I know that people truly care for each other.
