

Fred and Nancy are New Zealanders based overseas and serving people living and working cross culturally. They are trained and experienced in care and support for cross-cultural workers, their marriages and families and also crisis care for people impacted by critical incidents. They love serving people from many countries and backgrounds, involved in a variety of work across many hard and challenging environments.

Prayer points:

- *Praise God for HIS protection as we travelled and for keeping us safe and healthy. Physically it was challenging with temperatures in the 40s and frequent power cuts, but we were grateful for those who hosted us and cared well for us. Our time was busy and we managed to meet everyone that was around and it was a privilege to connect and serve them and experience some of the challenges they continue to face.*
- *We are grateful to God and to you for the provision of a car here. It's been a huge blessing to have that.*
- *Pray for our Residency Visa renewal – Fred's paperwork is in and we will shortly submit Nancy's. Pray we are granted a 3-year visa which we have applied for that will eliminate a lot of uncertainty and make our ministry travel much easier to plan. It will take a miracle but we know who can manage those.*
- *We have travel invitations we would like to honour in September and October (as we couldn't meet with these groups last year due to the visa issues) so please pray we can soon start planning and travel with the new visas in hand.*
- *For our health, sleep and safety - we often face challenges in these areas.*
