

Dear Supporters, Greetings.

Thankyou so much for all your prayers from the time we left as a family on the 9th June and Diane, Sarah and Josh returning on the 14th July and my returning home on Wednesday 9th September.

It has been a wonderful time of reconnecting with the STUM team and family in the country and hopefully helping to give them some confidence that we still care about them though living far away in New Zealand.

I am with the STUM team in the north of Malawi for the training in the Ekwendeni STUM district. The video is of the trainees practising a childrens song.

This is the fourth training for me in my time here and we have covered 5 STUM districts to equipe a small group in each place to be Trainers of Teachers (TOTs).

Pray- For this week to finish well, with the third day of training today and then on Thursday and Friday the Trainees put what they have learnt in practice at a training each day, one of them in a rural area.

Pray- for the arrival of the Lesson books from India. Yes that is right- they have not arrived yet! I thought they were on the road from Durban but I hear they are in customs still and we pray they will be released soon.

Thanks again for your partnership with us in Malawi!

God bless.

Jim and Diane Young.
